Paia School Pupils

Pay Visit to Tunnel

(Contributed)

Pupils of the seventh and eighth grade of the Paia School had an enjoyable and at the same time very instructive outing last Thursday when, accompanied by their principal, Miss Mary E. Fleming and three teachers, they paid a visit to the new Waiau tunnel.

Some few weeks ago, J. H. Foss had given the pupils a talk on "Water Supply on East Maui," and they had been awaiting this opportunity with keen interest. The trip was made in one of the M. A. Company trucks to the bottom of upper Maliko Gulch and then the merry party of about 40 walked in to the entrance and saw various sections of the tunnel. About half of the pupils went on to the very end where water was knee deep, a distance of about five miles. It was all very interesting.

A visit to the hydraulic plant was planned for the return trip but for lack of time had to be given up.

Pertinent Paragraphs

Change at Lahaina—Henry Walthal who has been clerk at the Grand Hotel, went to Lahaina yesterday to take charge of the Pioneer Hotel, relieving Dr. Dodge who is retiring.

Manoa in Friday—Advices received by the Kahului Railroad Company say the Manoa will be in on this voyage on Friday morning and will depart at 10 o'clock Saturday night.

Prominent Japanese Here—Dr. T. Harada of the University of Hawaii is on Maui this week lecturing to the Maui Branch of the Kumamoto overseas association of Japan. He will also speak in Makawao Church on Sunday.

To Accept Shed—Lyman H. Bigelow, chairman of the board of harbor commissioners was on the Kilauea this morning en voyage to Hana where he will inspect the wharf shed that has been built by E. C. Mellor with a view to its acceptance.

Che-fa Charged—M. Kawasaki was in the Walluku magistrate's court yesterday morning and was to be there again this morning on charges of having in his possession che-fa (lottery) blanks. He denies the charges and will fight the case through Attorney W. F. Crockett, Sr.

Given a Year—Angelo San Juan pleaded guilty in the magistrate's court in Walluku yesterday to having burglarized a place in Waihee. He has served a year previously in the county jail and was sent back to that institution to try another year in experiments on reformation.

Mail Order Business—Something of a novelty to Maui is the store that W. W. Dismukes has opened next to the Walluku Hotel in a room that has been redecorated and fitted up by him. He announces that he will conduct a mail order business, displaying the samples of the lines he will be prepared to supply. He starts with lines of men's clothing, shirts, collars, and general furnishings, in expensive pictures, picture enlargements and novelties but says he will expand the business.

Night in Hawaii—For the production of a night in Hawaii the Hawaiian Woman's Club has chosen the date of June 10, the eve of Kamehameha Day and have secured the Territorial Building for the occasion. Mrs. A. Garcia is chairman of the program committee and the affair will be more elaborate than anything of the kind previously undertaken here. There is to be a program of musical and other numbers which will continue for about two hours and will be followed by a dance.

Glare Shield Offered—W. W. Dismukes is offering an article that it would appear should be much in demand on Maui when there is so much complaint of glaring headlights. The amber colored shield he offers is attached to the wind shield of the car and, he claims, has a tendency to materially soften any glare that may be encountered.

Back To Prison—Julian Ortis, a paroled territorial prisoner was in Magistrate Mossman's court yesterday morning and entered a plea to burglarizing a place in Waihee. He was ordered sent back to Honolulu to finish out his unexpired prison term and the complaint against him for his Maui offense dismissed. Ortis is one of the men whose detection was aided by the Bertillon fingerprint system Sheriff Crowell is using with good success.

Amateur Dramatic

Club is Proposed

To Form on Maui

Those interested in amateur dramatics and the formation of such a club as the "Footlight" club in Honolulu and similar organizations elsewhere will be invited next week to meet for the purpose of forming such a club. Mrs. T. B. Linton said yesterday. It is a subject she has been considering for some time past and on which she has spoken to a number of persons. Her suggestions have generally been received with approval but the initiative has been left for her to take.

Before calling for a meeting of amateur thespians and prospective ones, Mrs. Linton wanted to have information and data. This she secured the latter part of last week. W. H. Cameron, a member of the Honolulu "Footlights" was over from the capital city and talked with Mrs. Linton on the subject of a similar organization here, going into the subject at length. She has also received a letter from Mrs. Robert White, president of the Honolulu "Footlights" which enclosed the constitution and by-laws of that organization. Mrs. White encouraged the proposal to form a club here and said she would be glad to assist in any way that lies in her power.

With this data and encouragement and with the interest shown by those she has talked with here, Mrs. Linton feels the time is ripe to launch the project.

University Glee Club
And Mme. Peacock in
Two Concerts Please

Two delightful concerts were rendered, one at Kahului Saturday evening and one at Lahaina last evening by the University of Hawaii Glee Club and Mme. Eleanor H. Peacock, charming Honolulu soprano and instructor of singing. The Kahului audience was not large but made up in enthusiasm and enjoyment and appreciation for the small attendance, if that be possible.

Encore after encore was called for and generally granted by the Glee Club Singers and Mme. Peacock was gracious in her responses, her solo numbers proving a rare delight. Most of the Glee Club numbers were followed by two encores and Mr. Harold S. Palmer's readings were an especially commendable number. The Glee Club is well balanced and an excellent aggregation of singers who seem destined to achieve popularity in the Islands when the public awakens to the fact that something far better than the ordinary is being offered. Mrs. D. L. Crawford showed talents and sympathy in her accompaniments for the club and for Mme. Peacock.

Yesterday afternoon five members of the Club went to High School and rendered a pleasing program there. Mme. Peacock and Mrs. Crawford made the trip to the Crater Sunday afternoon and returned yesterday. The entire party motored over to Lahaina yesterday afternoon and following the concert there took the Mauna Kea to Honolulu.

Hawaiian Abstract

And Title Company

Goes to New Owner

Change in the ownership of the Hawaiian Abstract and Title Co. is told in letters received this week from the new owner, Penrose C. Morris. Mr. Morris has had 17 years experience as an abstractor, for the past three years has been connected with Thompson, Cathcart & Ulrich in Honolulu and is a member of the Hawaii bar. The plant of the company contains a large amount of valuable material and data gathered during the past 30 years.

The business of the Hawaiian Abstract & Title Co. was started by Judge Cooper in 1890 and toward the end of 1891 he brought together a few prominent men of the Islands whom he interested and the company was formed. Many valuable maps were prepared and records compiled and later Judge Cooper made over his holdings in the company to Jacob F. Brown, a brother of Arthur M. Brown who conducted the business until recently when his health became poor. He has now gone to the mainland. Among the records, Mr. Morris says are valuable probate records of Maui.

Mark Twain's Niece

Journeys Over Crater

Mark Twain's niece, Mrs. Mildred Clements Schenk, is on Maui for her second visit and this week made her second trip through the crater of Haleakala. It is her third visit to the island, the first being six years ago, before her marriage, when she came to Maui. Two years ago she visited the Islands but did not come to the Valley Isle.

Mrs. Schenk, as well as being the niece of one of the most talented and entertaining writers America has produced, stands upon her own merits. She is a lecturer, travelogist and Chautauqua speaker and essentially a "globe trotter." She has taken the story of Hawaii and its charms to Australia as well as through the United States. She is a woman of rare charm and most pleasing personality and socially a favorite wherever she goes.

With Mrs. Mildred Clements Schenk on her present visit is her husband Robert K. Schenk, a veteran of overseas service and Ray J. Baker, the Honolulu photographer whose Hawaiian taken scenes have gone to all parts of the world and whose motion pictures have been widely shown. He has his motion picture camera with him on this trip.

The visiting party left the Grand Hotel, Sunday morning and went to the rest house to spend the night. Yesterday they went down into and through the crater. Today they have started on the ditch trail trip back, will reach Pogue's tomorrow afternoon and Mr. Baker will return to Honolulu tomorrow night. The Schenks will remain over until Friday night. They will go to Kula and to Idelwild before leaving. Worth O. Alken has arranged for the party to leave the ordinary traveled route and to get a glimpse of the great apiapi leaves in which they have shown great interest since they saw a picture of them.

Mrs. Schenk will use the material secured on this trip for a new travelogue next fall and winter.

Draw Big CrowdCommittees Reports Point to
Great Success, Program
Outlined Assures Fun for
Four Days

Foresters' "Make Happy" on the Fair Grounds at Kahului, July 1, 2, 3 and 4, is an assured success already as is evidenced by the reports that come in to the central committee from the various committees that have charge of the program and arrangements. The start is a fine one, all is going smoothly and a continuance of endeavors is all that is required.

Attendance from the outside for the convention and for "Make Happy" will be large for members of the order on Hawaii, Kauai and Honolulu are reported to be looking rapidly and it is indicated that the two Inter-Island steamers that have been chartered will not be able to carry all of the Foresters of the order and their friends who will want to be on Maui for the occasion and are already planning for the excursion.

From all the Islands entries for the horse races have started coming in and assurances are being received by the committee in charge of that branch of sport of horses now in training and of enthusiasm on the part of owners.

Opening with a grand parade from Foresters' Hall, Kahului, in which local members of the order and visiting members will march to the Fair Grounds four big days and nights of fun and jollity will follow as is outlined by the program committee, as follows:

Saturday, July 1

10:00 a. m.—Opening of Grounds, followed by baseball.

1:30 p. m.—Horse races and baseball.

7:30 p. m.—Entertainment by Court Lunalia of Honolulu.

Joy Zone open all day and evening.

Sunday, July 2

1:30 p. m.—Baseball game.

2:00 p. m.—Japanese wrestling contest.

Monday, July 3

Joy Zone open all day and evening.

Time of the Foresters' District Court Convention is being arranged and this event will not interfere with the program as outlined.

There will be exhibition by drill teams from various courts. That of Court Lunalia is reputed the best in the Territory, but a Maui team is being drilled and will contest for premier honors.

Community Players
Will Organize for
Local Productions

Formation of a company of "Community Players" is about to be undertaken by Manager Dick P. Harris of the Maui Amusement Company with the idea of presenting several plays during the season in the local theaters. From several directions he has been approached on the subject and asked to lend his experience and abilities to the project.

Mr. Harris feels that such a company as is proposed, composed of local dramatic talent would be a success and has observed that there are some very clever performers on this island. He says that quite a number of players have come forward and are enthusiastic on the proposal and are convinced it would be a splendid thing for Maui and afford numbers of delightful evenings. He has therefore agreed to undertake the organization and training of such a company.

For the organization of the company Mr. Harris says that he will be glad to hear from ladies and gentlemen interested in becoming members and that as soon as the requisite numbers have joined a meeting will be called and the company organized and the cast for the opening bill, "Facing the Music," will be selected. The opener is one of the greatest comedies ever written. Mr. Harris thinks. Date of this first production will be announced later.

All productions of the new company will be at the Kahului theater, according to present plans, and will be put on at popular prices.

Mr. Harris has had a number of years in stock and vaudeville and has met with success in the Mainland United States, in Canada and in the Islands in the staging and production of plays by amateurs. He expresses confidence that with a company of "Community Players," presenting first class plays will fill a long felt want of Maui. Anyone wishing further information and details can secure them by calling upon Dick P. Harris.
